

UPRZEJMIE ZAPRASZAMY NA WARSZTAT NAUKOWY

Z OKAZJI 40-LECIA WSPÓŁPRACY POLSKO-WŁOSKIEJ

Politechniki Warszawskiej i Sapienza Università di Roma w dniu 7 października 2019 roku o godzinie 9:00

W GMACHU STAREJ KOTŁOWNI
POLITECHNIKI WARSZAWSKIEJ
W SALI 04
PLAC POLITECHNIKI 1
00-662 WARSZAWA

Sesja I

9:00 - 9:30 - Uroczyste otwarcie

9:30 - 10:00 - Carlo Mazzetti di Pietralata,

“The Agreement between University of Roma La Sapienza and Warsaw University of Technology: a story of scientific, cultural and friendly cooperation”

10:00 - 10:30 - Zdobysław Flisowski, “History of Cooperation between Warsaw University of Technology and University of Roma La Sapienza”

10:30 - 11:00 - Przerwa

Sesja II

11:00 - 11:20 - Massimo Pompili, “Biotrafo European Project and the use of biodegradable insulating liquids in power transformers”

11:20 - 11:40 - Jacek Starzyński, Andrzej Łasica, “Compact and fast Marks Generators”

11:40 - 12:00 - Alessandro Ruvio, “Smart mobility: What challenges for the future?”

12:00 - 12:20 - Jan Sroka, “Recent research on EMC at the Faculty of Electrical Engineering of WUT”

12:20 - 13:30 - Przerwa

Sesja III

13:30 - 13:50 - Silvia Sangiovanni, “The digital measurements on the MV electrical network during switching operation”

13:50 - 14:10 - Przemysław Sul, „Flux compression generators: from simulation to experiments”

14:10 - 14:30 - Luigi Calcara, “Resilience of MV underground cables”

14:30 - 14:50 - Zuzanna Krawczyk, “Electromagnetic field simulation software as a help in academic education”

14:50 - 15:30 - Przerwa

Sesja IV

15:30 - 15:50 - Marco Maccioni, “Monte Carlo evaluation of the backflashover rate of HV/EHV overhead lines”

15:50 - 16:10 - Tomasz Kisielewicz, “Transient surge protection in special applications”

16:10 - 16:30 - Podsumowanie warsztatu
